COVID-19 - TO VIEW THE GRAPHS THAT WERE PREVIOUSLY FEATURED IN THE DAILY SITUATION REPORT PLEASE VISIT THE HEALTH DEPARTMENT WEBSITE [HERE](#).

Novel Coronavirus is an outbreak of respiratory disease caused by a novel (new) coronavirus that was first detected in China and which has now been detected in more than 100 locations internationally, including in the United States. The virus has been named “SARS-CoV-2” and the disease it causes has been named “coronavirus disease 2019” (abbreviated “COVID-19”). All data is developed by the Health Department. For questions, comments, and concerns, call 831.769-8700 or 831.755.4521 or email covid-19@co.monterey.ca.us.

2019 Novel Coronavirus (2019-nCoV) - [Monitoring Metrics](#)

Indicator or Metric*	Baseline at Variance Application Submission	Threshold for Considering Modifications	Status 7 Days Ago	Current Status**	
Ability to Test, Contact Trace, Isolate, and Support the Exposed					
14-Day cumulative COVID-19 incidence per 100,000 population	28.6	≥32	53.9	61.5	
Percent of cases reached by public health teams	98.5%	<90%	95.3%	95.3%	
Percent of Alternative Housing Site Beds designated for individuals diagnosed with COVID-19 or who are awaiting test results that are filled	2%	≥25%	Data Not Available	Data Not Available	
Ability to Protect Those at High Risk for COVID-19					
Percent of Skilled Nursing Facilities with no new cases in the last 14 days	94%	<75%	100%	94%	
Number of COVID-19 related deaths over last 14 days	2	≥5	4	1	
Surge Capacity for Hospitals and Health Care System					
7-Day average of daily percent change in total number of hospitalized COVID-19 patients	-0.2%	≥5%	-6%	-3%	
Percent of ICU beds available averaged over the last 14 days	71%	<54%	44%	43%	
Percent of Monterey County hospitals with ≥14 days' supply of personal protective equipment (PPE)	100%	<75%	***	***	
Epidemiology and General Surveillance					
Overall test positivity rate for the past 7 days	2.3%	≥8%	5.5%	6.1%	
Case doubling time (7 day lag)	29 days	<8 days	225 days	243 days	

*Unless otherwise specified, all indicators and metrics are calculated using a one-day lag. Counting for measuring the metric starts on "Current Status" date.

**Current status as of April 8, 2021. Data are refreshed Tuesday through Saturday.

***The California Hospital Association and California Department of Public Health are no longer reporting greater than or equal to 14 days' supply of personal protective equipment (PPE) by hospital.

Who Is Eligible Now

COVID-19 Vaccine Registration page - [Click here](#)

Based on State guidance and local considerations, at this time the following Monterey County residents are eligible to receive COVID-19 vaccine:

- Health care workers, long-term care residents, and emergency services personnel
- Residents 50 years and older
- All residents who are at risk of exposure while working in [food, agriculture, childcare, education, and emergency services.](#)

The California Department of Public Health website provides a summary of essential workers eligible to receive COVID-19 vaccine. - [English](#) [Spanish](#)

- Information about the [process in place by the California Department of Public Health for vaccinating K-12 teachers.](#)
- Individuals 16 to 64 years of age with a medical condition or disability that puts them at a high risk for morbidity and mortality as defined by the [California Department of Public Health - See list here](#)

On April 15, all Monterey County residents age 16 years and older will be eligible to make an appointment for COVID-19 vaccination.

Vaccine supplies are extremely limited. Not everyone eligible for vaccination may be able to schedule an appointment until supplies increase.
