- December 31, 2019 – First confirmed case of COVID-19 in Wuhan, China.

STATUS OF COUNTY SHELTER-IN-PLACE

On June 5th, Governor Newsom issued new guidance for several business sectors including [family entertainment centers](#), restaurants, [wineries and bars](#), [zoos and museums](#), [gyms and fitness centers](#), [hotels for tourism and individual travel](#), [cardrooms and racetracks](#), and [campgrounds and outdoor recreation](#). The Governor's purpose is to provide guidance on how businesses can resume operations while supporting a safe, clean environment for workers. Variance counties such as Monterey County can open these sectors with approval by the County Health Officer after review of local COVID-19 indicators.

Based on review of local indicators, the Monterey County Health Officer approves implementation of the new guidance and opening of the business sectors on June 12th, as recommended by the California Governor.

As stay-at-home orders are modified, it is essential that businesses take all steps necessary to ensure the safety of workers and customers, including developing and implementing a COVID-19 prevention plan, as required by sector guidelines. Key business practices include physical distancing to the maximum extent possible, use of face coverings by employees and patrons, frequent hand washing and regular cleaning and disinfecting, and training employees on these and other elements of their COVID-19 prevention plan. In addition, businesses must have in place appropriate processes to identify new cases of illness in workplaces and, when they are identified, to intervene quickly and work with Monterey County Public Health to halt the spread of the virus.

Businesses planning to resume operations June 12th must review, understand and implement sector specific guidance found at the California website, <https://covid19.ca.gov/roadmap-counties/>.

WHAT'S NEXT FOR BUSINESS REOPENING?

Stage 1

Stay-at-Home Order in Effect, Essential Businesses Only

- Businesses listed by the Health Order or
- Allowable Services List

Stage 2

Lower Risk Workplaces Reopen with Safety Modifications

Stage 4

Stay-at-Home Order Ends, Large Gatherings

- Concerts / Festivals
- Convention Centers
- Live audience sports
- Nightclubs / theme parks

STATUS OF THE STATE

Californians have been staying home and saving lives since the start of our statewide stay-at-home order issued on March 19, 2020. These efforts have allowed the state to move forward on our roadmap for modifying the statewide order.

We are now in early Stage 2, where retail (curbside and delivery only), related logistics and manufacturing and essential businesses can open. The state is issuing guidance to help these workplaces reopen safely. [More Information.](#)

Stage 2 expansion will be phased in gradually. Some communities may move through Stage 2 faster if they are able to show greater progress. Counties that have met the readiness criteria and worked with the California Department of Public Health can open more workplaces as outlined on the [County Variance page.](#)

California moved into Stage 2 of modifying the state’s Stay-at-Home order on May 8, 2020. Our progress in achieving key

public health metrics will allow a gradual re-opening of California’s economy.

We recognize the impact of economic hardship. We must get our economy roaring once again and put paychecks in people’s pockets. But the risk of COVID-19 infection is still real for all Californians and continues to be fatal.

The state is issuing guidance for businesses to follow, if they’re permitted to open per County Public Health rules.

FACE COVERINGS REQUIRED IN PUBLIC SPACES

Cloth face coverings or [masks](#) help reduce the spread of coronavirus especially when combined with physical distancing and frequent hand washing. Starting June 18, Californians must wear face coverings in common and public indoor spaces and outdoors when distancing is not possible. Learn more about the [guidance and limited exceptions here.](#)
